

Pilar Elementary School holds Tree Planting Activity

Pilar Elementary School fostered the spirit of nature concern sit held Tree Planting Activity at the school vicinity last July 4, 2014. Mrs. Minerva P. Rillo, the school principal together with Mr. Omar Gallego, the school EPP coordinator headed the half day activity. The barangay officials under Chairman Eduardo dela Rosa, the GPTA officers, YES-O, teachers, parents and pupils took part in keeping the said undertaking a success.

At 1:00 in the afternoon, the advisers had their own classroom discussion about TREE PLANTING. Right after the per classroom brainstorming, all of the pupils, teachers and parents were gathered at the school covered court to have the campus program about the said activity. Ms. Nelia C. Aranas presided the lecture about the importance of TREE PLANTING and the different environmental concerns the world is experiencing now. Mr. Omar Gallego followed for the discussion of the doS and don'tS that should be remembered while doing the planting of trees. All the participants paved the way to their planting destinations after Mrs. Minerva P. Rillo finished giving her final message and reminders.

The teachers and parents guided the pupils to the areas where they can plant trees. The pupils with the seedlings and planting tools sang happily as they tracked the path to the planting areas. The GPTA officers and the parents led by Mrs. Charito B. Madriaga assisted the pupils by removing all the grasses and trashes. Chairman Eduardo dela Rosa and the barangay officials did not waste the opportunity of offering their helping hands through providing some seedlings, digging holes and teaching the pupils how to plant.

The TREE PLANTING ended at 4:00 p.m. It was a success. There are almost 350 seedlings of fruit bearing trees being planted. Everybody was very tired but happy to accomplish a half day deed for being concerned citizens.
